Education

University of Maryland Transfer Program

Bachelor of Science in Mechanical Engineering

Expected May 2027

College Park, MD

Community College of Baltimore County

Associate of Science in Engineering

Jan. 2023 – Present

Essex, MD

- President's List Recipient — Winter 2024 — GPA: 4.00
- Dean's List Recipient — Spring 2024 and Summer 2024 — GPA: 3.70 and 4.00
- Digital Fabrication Lab Professional

Louisiana State University

Bachelor's of Science in Engineering

Aug. 2023 – Dec. 2023

Baton Rouge, LA

- Dean's List Recipient — Fall 2023 — GPA: 3.60

Technical Skills

Tools: AutoCAD, Excel

Programming Languages: MATLAB, HTML/CSS

Projects

Tire Force Model

Nov. 2024

- Studied a real-world application of multi-variable calculus involving Pacejka's Magic Formula, which models the forces acting on a car's tires.
- Implemented the formula in **MATLAB**, using actual tire data to calculate lateral and longitudinal forces in different conditions.
- Validated the results by comparing them to empirical tire test data, ensuring accuracy in force predictions.

Spacecraft Design & Analysis

Apr. 2024

- Designed a spacecraft the size of a U.S. aircraft carrier using **AI-driven tools**.
- Modeled the spacecraft in **AutoCAD**, adhering to industry-standard tolerances and geometric dimensioning to ensure precision and reliability.

24 Hours of Lemons | *Endurance Racing Competition*

Oct. 2023

- Restored and modified a 1966 Dodge Coronet to compete in an endurance race while complying with a **\$500** budget.
- Installed and repaired engine components to ensure the vehicle was race-ready.
- Collaborated with others to source affordable parts and optimize vehicle performance.

Extracurriculars

TigerRacing FSAE

Fall 2023 – Winter 2023

Powertrain/Chassis Technician

Louisiana State University

- Assisted in the design and development of engine components using **CAD** software.
- Helped assemble and fit parts of the car's chassis, ensuring they met competition requirements.
- Provided general support across stages of the car-building process in a fast-paced team environment.

Hiking Club

Spring 2025 – Present

Event Coordinator

Community College of Baltimore County

- Organized and led hiking events, coordinating logistics and ensuring participant safety.
- Managed communication between club members and local parks services to facilitate group sessions.
- Developed promotional materials and social media content to increase club engagement.

Experience

Al-Kareem School

May 2022 – Present

Teacher

Lutherville-Timonium, MD

- Provided individual support to 50+ students, adapting teaching techniques to meet various learning styles.
- Supported classroom management and activities, ensuring a positive and productive learning environment.
